An ambitious, self-taught, Junior Developer. Seeking to further apply knowledge of Front-end web development and looking forward to working diligently as part of a team. I took time out of teaching with the ambition of forging a new career. I am currently teaching myself Front-end web development whilst earning through supply work in Bristol.

Experience

Self taught Junior Front-end Web Developer

Aug 2021 – Present

- Applied knowledge of HTML5, CSS and JavaScript to code a responsive portfolio website and set up a Web Domain to publish it online www.feltpro.co.uk
- Have a paying client and through collaboration developed a website for their Personal Trainer business.
- Have 23 open-source repositories on Github.
- Have coded 7 real-world applications on portfolio website using 'vanilla JavaScript' and also framework and JavaScript libraries.
- Continually consolidating knowledge of CSS and JavaScript by refactoring code to refine portfolio and client web site.

Projects

- **Portfolio website** – applied knowledge of HTML and CSS to create a responsive website: www.feltpro.co.uk. Used JavaScript library Bootstrap and @mediaQuery to make website compatible on a range of devices.
- **Client website** – developed website for Personal Trainer. Communicated with client to add required content. <https://feltpro.co.uk/PT/pt.html>
- **Weather app** - Real-time 'vanilla-JavaScript' app retrieves up-to-date JSONs from an API. Fetched a JSON and parsed it to create this fully functioning app. <https://feltpro.co.uk/weather/weather.html>
- **JavaScript calculator** – Used intermediate algorithm programming, onClick functions and conditionals to develop the JavaScript to make a calculator which could process long equations. <https://github.com/FeltPro/JavaScript-Calculator>
- **Game (Naughts and crosses)** – To help learn React, used React docs to make a simple 'naughts and crosses' game to develop knowledge of this widely used framework. <https://feltpro.github.io/tictactoe/>

Technologies and Languages

- Languages: JavaScript, HTML5, CSS, – Junior Level
- Frameworks: React – Junior Level
- JS Libraries: Bootstrap and JQuery
- Technologies: Git
- Other: ES6, Regex, Intermediate Algorithm Scripting, Object Oriented and Functional Programming

Previous Work Experience

Senior Leader - NPQSL

2011 - 2021

Senior Leader, Teacher - NPQSL

Bristol

- Member of Senior Leadership Team – a Subject Leader and taking responsibility for training staff and organising consultations with a range of stakeholders within schools.
- NPQSL awarded – trained in leadership within an institution. Used an applied model of Data and Strategic planning, increasing capability, enacting change and working in Partnerships. All methods successfully used to raise the standard of education across a whole-school setting.

Education and Certifications

- **(informal) FreeCodeCamp**, Responsive Web Design, JavaScript Algorithms and Data Structures Certification **2021**
- **National Professional Qualification for Senior Leadership**, Cabot Learning Federation, Bristol. **2021**
- **PGCE, Middle Years Teaching Qualification**, Canterbury Christ Church University. **2011**
- **B.Sc. Geography**, Swansea University, Wales. **2005 – 2008**
